CHINETHAI

BUYER WORKSHEET / PROJECT BRIEF

Define the requirement

Fill in what you know. Mark unknowns as open questions. This worksheet does not constitute a quotation or product approval.

Company / project reference (optional)

Target country, intended channel and application

Reference model and proposed specification revision

Electrical setup and installation drawing reference

Essential cooking, oven and control requirements

Preferred features / acceptable alternatives

Evaluation quantity, forecast demand and desired timing (not commitments)

Keep customer-sensitive or confidential information out of public posts.

CHINETHAI

BUYER WORKSHEET / SUPPLIER COMPARISON

Compare the offered scope

For each response use: CONFIRMED / TO REVIEW / NOT OFFERED. Record the supporting document, not only a tick.

Offer A: model, revision, included functions and evidence references

Offer B: model, revision, included functions and evidence references

Sample review: functions to demonstrate, accessories and evaluation criteria

Open questions: question / responsible person / next action

Next decision and unresolved conditions

Specifications, evidence, MOQ, samples and lead time are confirmed by exact model, target market and RFQ requirements.
